

Our Lady of Peace Community Prayer

Lord, we offer you our seeking.

Show us the way to recognise you in our brothers and sisters within our community.

When we are joyful, help us to share our joy and gratitude with each other.

When we are lonely, help us to reach out to each other.

When we are full of fear, give us hope through our brothers and sisters.

When we are anxious, help us to share our anxieties and offer them to You.

When we are faint-hearted, help us to share the warmth of our love with each other

Above all help us to bind our community together in charity, justice, peace and love.

When we are faint-hearted, help us to share the warmth of our love with each other.

When our journeys are challenging, help us to be there for each other.

Above all help us to bind our community together in charity, justice, peace and love.

Amen.
